

BLAIRLOGIE BUGLE

Your Window on the Village and the Logie Community

December 2014

A Happy Christmas and a Prosperous New Year to all in Logie Community

In this issue, Ancient and Modern:

- **Christmas Lights Switch On and Fast Broadband**

News from the Reading Room

The Christmas Lights Switch On will take place at 6.00pm on Sunday 14th December. All welcome for a few carols, mulled wine and mince pies in the Reading Room.

On Saturday 1st November those who were present enjoyed a delightful illustrated talk on the Art of Helen Lamb, given by local author Val Inglis.

100 Club

There are four prize draws in the year and the next draw for a prize of £100 will take place at the Christmas Lights event. We are very grateful to the membership who keep this vital source of funding going for the benefit of the Trust, the Reading Room and the Archive Group. The recent round of subscriptions, co-ordinated by Robin Kensal, generated funding of £1,120.

Blairlogie Community and Heritage Trust

The AGM will take place at some point after New Year, date to be confirmed.

Yoga

The Friday morning Yoga session run by Gillian (Lochside Yoga) will take a break and resume in February. This is due to other activities by Gillian, including wild water swimming on Windermere! When sessions resume Gillian will be pleased to welcome new members.

All about Names

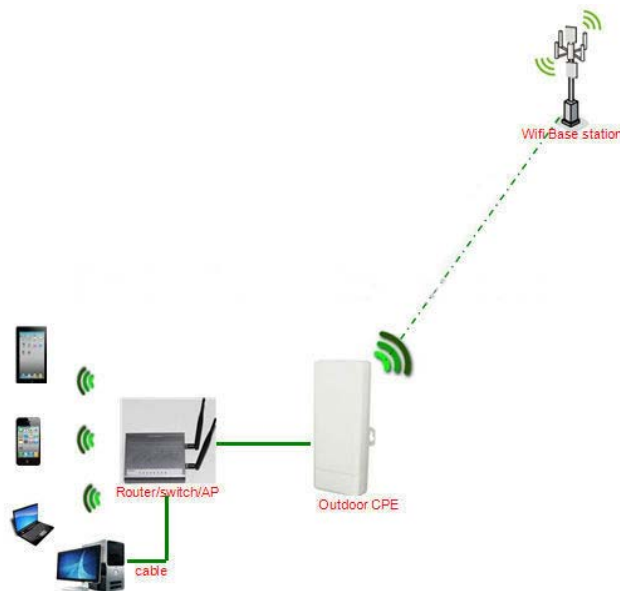

There are suggestions that it would be more inclusive if the Trust was to be renamed as the Logie Community Trust and look to the wider Logie Community. Also that the Bugle to take a new name as the Logie.....?
Answers on a postcard please...

Logie Fast Broadband Project.

The project group is very grateful to those early adopters who put up some money to get the scheme going and prove that it could work. As a result we were able to raise grants to build the system and we are now offering it to the community. To register your interest and obtain copies of the Terms and Conditions please send an e-mail to enquiries@blairlogie.net

Logie Fast Broadband Project

- What is it?
 - A fast broadband service for the Logie Community
- How does it work?
 - By Wireless connection from your home or business to the Internet
- How fast is it?
 - Speeds up to 20 Mb/s - this is 50 times faster than BT in Logie

- Why should I bother with it?
 - Fast access to the world wide web
 - So much better for pictures, video and iPlayer
 - No more long waits for pictures or documents to load
 - No more drop outs of service

- What can I expect in the future?
 - See and talk with distant family on the screen
 - Soon all shopping will be on the Internet
 - See a health advisor without leaving home
 - All government services will be on Internet

- How was this created?
 - A group of Logie volunteers built and maintain the system
 - Who are these guys?
Angus Annan, Brian Paget, Tom Cox, Richard Morrell, John Logan
- Running a business?
 - You have to have it
- What will it cost?
 - From £18 per month (plus connection fee)

- See the Ts & Cs
